

### Give the Gift of a Pax Membership

Do you know somebody who loves to get massages? Someone who needs and could greatly benefit from taking care of themselves once a month? Give them the gift of a Pax Massage Membership this holiday season.

We offer three different monthly memberships that you can gift to a loved one:

<b>3 month membership</b>	<b>\$177</b>
<b>6 month membership</b>	<b>\$354</b>
<b>12 month membership</b>	<b>\$708</b>

What do these gifted memberships include?

- One 60-minute massage per month. At the first of each month, a membership benefit for that month will show up in their account. This benefit is for a full hour massage from any of our services on our treatment menu. Our front desk staff will call them monthly to ensure they are able to come in on a date and time that works best for them. Benefits will roll over to the next month if not used.
- For the duration of the membership, your loved one will be eligible for 25% off all services. This means if they would like to come in more than once a month for a treatment, they will be able to do so at \$59 each visit.
- For the duration of the membership, your loved one will receive 10% off of all retail products.
- Your loved one will also be eligible to participate in monthly member promotions.

How do you sign up for this gifted membership?

We currently offer two forms of payment:

- You can pay the amount of the membership upfront. Each month the benefit for your loved one will automatically accrue. \*\*All 3 month memberships must be paid up front.
- You can sign up with your checking account, and at the first of each month we will deduct the \$59 from your account. You will just need to fill out our enrollment form and you will be charged \$59 today for your loved one's first benefit.

Giving the gift of a membership to a loved one is giving them the gift of health. When they come in we will match them up with the correct therapist who will tailor a wellness plan based on their needs. This is the gift that will keep on giving!
